RIDE: People Helping Horses Help People!

OUR MISSION: *"To support the rescue efforts of Minnesota law enforcement while providing and promoting educational, recreational, rehabilitative, and or therapeutic equine programs for needy horses, horse owners and the general public."*

Rescue/Recreation Involving Deserving Equine (**RIDE**) is a volunteer driven network of equine professionals, rescuers, trainers, owners and educators who joined forces in 2008 to promote the therapeutic equine recreation opportunities and responsible horse ownership our state demands. Our commitment to the horse has made us who we are today, and will help make RIDE the SE Minnesota equine rescue organization of choice for owners and novices alike.

Can you see yourself helping with this plan? **VOLUNTEER!**
